## Town Hall Discussion Part 2: Balancing Nature and Progress in Citrus County

The Citrus County Chamber of Commerce invites the public to “Harmony in Growth: Balancing Nature and Progress in Citrus County,” a town hall discussion on August 7 from 5:00 pm – 7:00 pm at the College of Central Florida Wilton Simpson Campus in Lecanto.

Citrus County’s landscape is changing rapidly, as people and developers have determined that this is the next frontier in which to live and build.

Whether you are for or against this

growth, the reality is that it is happening, and we cannot close our doors or bury our heads in the sand.

This town hall is a follow up to an earlier discussion in June, “Charting Citrus County’s Future: Embracing Managed Growth for Sustainable Progress,” that focused on an understanding of how our leaders are working to create the balance for smart growth to ensure we can attract the workers and businesses that we need to serve all our residents while maintaining the

quality of life we have all come to enjoy.

The August 7 town hall will focus on what is being done to sustain and conserve our environment and natural resources in the face of change.

Panelists will include State Representative Ralph Massullo, along with representatives from the Florida Department of Agriculture and Consumer Affairs, US Fish and Wildlife Service, Florida Fish and Wildlife Commission, Florida Department of Transportation

Office of Environmental Management, Citrus County Growth Management, as well as local conservationists, educators and business owners.

Gerry Mulligan, publisher emeritus of the Citrus County Chronicle, will serve as moderator.

The event is free and light refreshments will be served. No RSVP is required.

Attendees will have the opportunity to submit questions during the event.
