Here's to Learning, Growing, and Succeeding!

As Citrus County students head back to the classroom this Monday, August 10, the Citrus County Chamber of Commerce would like to wish all of our students, teachers, administrators, support staff, and school employees a safe, successful, and rewarding school year! Your dedication to learning, teaching, and shaping the next generation plays a vital role in the future of our community. We hope this school year is filled with growth, achievement, and new opportunities for everyone.

As students return to school, the Citrus County Education Foundation is still seeking donations of school supplies for its Teacher Store. The Teacher Store provides educators with free classroom supplies throughout the school year, helping ease the financial burden many teachers face as they purchase materials for their students out of their own pockets. Every donation helps ensure our teachers have the resources they need to create engaging learning environments and support student success.

If you would like to donate school supplies or learn how you can help, please contact Shaunda Burdette at (352) 726-1931. Together, we can help give both our students and educators a great start to the new school year.
