

## UPDATED Paycheck Protection Program Application

We apologize for yet another communication, but as we have said, things are changing daily, and even hourly, and we are doing our best to keep you updated with official information.

**This morning, the US Treasury released a NEW updated application for the Federal Paycheck Protection Program.** It is not much different than the one that was released a few days ago except that it has more detailed categories of businesses that qualify, and asks for Citizen status.

The fillable application is available [here](#) and has also been updated on the [Chamber website](#). If you have already filled out the earlier application, you will want to use this one instead.

**Banks will begin receiving applications from small businesses, sole proprietors, qualified non-profits today. Applications from independent contractors and self-employed individuals will be accepted starting April 10.**

As always, as we learn more, we will do our best to keep you informed and post everything on the Chamber website at [www.CitrusCountyChamber.com](http://www.CitrusCountyChamber.com).
